

Staying Safe

The Hampstead Heath Constabulary's primary function is to enforce by-laws and ensure, by means of education, engagement or enforcement, that the Heath remains free from crime and anti-social behaviour. The constables are able to provide a response every day of the year to any incident which may threaten the enjoyment of Heath users.

The constables carry out proactive patrols, reducing the fear of crime and providing reassurance. They work in partnership with other agencies including the local Safer Neighbourhoods Teams (see www.met.police.uk/saferneighbourhoods).

What you can do...

- Do not leave valuables in your car
- Tell someone where you are going and what time you will be home
- Where possible walk with a friend
- Be aware of your surroundings
- Cycle only on designated shared use routes
- Respect the by-laws and other Heath users
