

The City's well-run licensed premises were once again honoured for their contributions to maintaining the City as one of the safest places to socialise in a ceremony at the Guildhall in February. Premises are rigorously assessed on the work they do to keep their patrons safe, covering topics such as crime prevention, fire safety, drugs and alcohol awareness and environmental health.

Each successful premises receives a certificate and stickers to display proudly in their pub, club, bar or restaurant, so if you see the Safety Thirst logo, you know you're in safe hands.

**To help you make a wise choice of venue for your night out, the list below shows this year's award recipients.**

## **Highly Commended**
