RECYCLING

Recycling waste materials is only one element of the recycling loop.

PROCUREMENT

Procurement of recycled content products and materials not only “closes” the loop but also helps to keep the recycling market viable.

THE MAYOR OF LONDON'S GREEN PROCUREMENT CODE

The code which is managed and run by London Remade, offers free support and advice to organisations about purchasing recycled products and developing an environmentally responsible procurement strategy.

THE MAYOR'S GREEN PROCUREMENT CODE

Launched in 2001 to “...stimulate demand for recycled products throughout the capital...” with the principle that products should be competitive with non-recycled materials on price and quality.

HOW DO I GET INVOLVED?

There are 4 levels of involvement:

A1 Contribute to general discussions about recycled products.

A2 One-to-one discussions about purchasing requirements.

B1 Provide data on what recycled products you are buying and your main areas of procurement.

B2 Set realistic targets for buying recycled products and measure progress.
