

***Interested in the environment and saving money?
Not sure what you can do?***

Join a City of London EcoTeam!

What is an EcoTeam?

- An effective way to reduce your impact on the environment and save money
- A group of 6-8 people, who meet to share ideas and work together to take simple, effective changes for a more environmentally friendly lifestyle.
- Anyone can be in an EcoTeam; neighbours, friends or groups and it doesn't matter if you're already very 'green' or not.

***Interested? Contact Alex Fairhead on 020 7332 3598 or
